WE AS THE 'DECO ALA' FAMILY, ARE READY TO SERVE YOU AND REFLECT OUR PASSION TO YOUR DAILY LIVES BY 'IMPROVE YOUR QUALITY OF LIVE'.

# Shared passion, shared reality

It is a 'dream coming true'. Exclusive product designs that reflects our common core values; Quality, durability and Innovation.

We make our passion a reality by marshalling our strenghts and start a lifetime collaboration that goes beyond an usual business partnership.

We are a big family with passion to 'improve quality of life' while taking care over all our stakeholders and environment to live comfortable in a durable world.

**Our vision is reflected in all our businesses; trust and commitment to our customers is our first priority.**

Two business partners with mutual core values and same passion to make it happen.. That was the strong start for Deco Ala where quality, innovation and continous improvement become a key goal for all products of this company. The main reason to start the collaboration in 2010 was bringing all experience and expertise together to create the best possible products that is suitable for Business-to-Business as for Business-to-Consumer markets.

Our products are produced with the european quality standards which is a proof for its durability. Another advantage is the fast delivery times because it is produced in the European timezone and a supply chain process where efficiency is key.

Next to delivering the best quality products which is suitable for everybody, we focused ourselves on a special designed technology where even consumers can buy, install and use the products in one day.

It is important to take care of our environment by producing without pollution of our natural resources and use ecological friendly materials.

Our entire product range is produced with a special technology to contribute to a durable live. All products are 100% recycable and ecological friendly.

# Deco Ala

## Create your world with your style

Deco Ala provide a wide selection that adjusts to every style and time period. You are unique and your style needs to reflect your uniqueness.

We offer you not only a product but the feeling of 'coming home, switching-off from all hectic and start enjoying by wandering off in your own created world that reflects yourself. You can feel our core production value under your feet; 'Quality'. And see where our persistency lays; 'Innovation' A Cutting-edge technology, using the latest features of micro-beveled edges, enhanced **painted bevels & Embossed in Register spotlessly** , which generate the most alluring designs.

4

## Dare to live as the real world

Our floors contain all qualifications to stay resistant to all challenges of daily lives. The entire product range is 100% water and fire resistance.

The Waterproof core, flexible vinyl and protective wear layer allows you to use them safely in all areas where there is a risk to come in touch with water and fire. There is no chance for warp or buckle. Our SPC floorings will keep it's original appearance throughout guaranteed life time. All Deco Ala come with extended lifetime warranty.

## Cutting-edge technology that provides simplicity

With a cutting-edge technology, we make it possible to easily install, maintain and use the floors with joy. With our advanced Unilin patented click systems, floorings can be applied flawlessly.

Effortful installation methods such as gluing or nailing will no longer annoy you, besides there is no need for additional underlayment over outdated floorings. Leave out old-fashioned maintenance concerns and unhealthy adhesive scent. Our flooring planks demand no care all over their service life whatsoever.

# Unique IXPE Foam design – feel the quality

To create the right foundation that improves the customers experience and ease of installation, we have added our specially designed IXPE foam as a fixed underlayer for all of our floors.

With this unique design, our customer can feel and hear the quality; it is softer, warmer, and quieter while enjoying life.

This specially designed softness makes it possible to easily install and this results in perfectly laid out floors.

# WOOD PREMIUM

## SPC COLLECTION

WOOD PREMIUM 1 Floors are not only looking like real solid wood, they feel like it.

Thanks to our perfectly established top layers, you will experience all details and structure when you touch the material.

You will notice the remarkable overall layout in differences between the boards, which provide the most natural look a floor can visually establish.
